

## ROTARY INTERNATIONAL DISTRICT 3201

The Rotaract is an Organisation which was earlier a youth program of Rotary International but now a membership Organisation by itself. The members of this Organisation are called Rotaractors. For easy governance purposes, the entire world in the Rotary front has been divided into various regions, zones, and further into districts. It is to be noted that the Rotary International Districts follows a unique pattern and doesn't necessarily coincide with the geographical districts. Each of the Rotary International Districts are allocated a unique individual number for the sole purpose of easy identification.

Having said that, we belong to the Rotary International District 3201. We belong the South Asian Region and come under Zone 5. The Rotary International District was bifurcated from the erstwhile Rotary International District 3200 during the Rotary Year 2008-2009. The district encompasses the geographical parts of Cochin, Coimbatore, Idukki, Palakkad, and Trissur, of the southern peninsula of the Indian sub-continent. The district has been bifurcated further from 3201 to 3205 (Idukki, Cochin & Thrissur) and 3206 (Palakkad & Coimbatore). These Rotary International Districts will be active from Rotary Year 2025-26. The district comes under Zone 5, South Asian region as per the Rotary International's division. The district has held 16 DRR's till date and currently there are

\_\_\_\_ Rotary Clubs with \_\_\_\_ active Rotarians

\_\_\_\_ Rotaract Clubs with \_\_\_\_ active Rotaractors &

\_\_\_\_ Interact Clubs with \_\_\_\_ active Interactors.

The district's first DRR was PDRR Kishore Ranganath (at present a Rotarian from the Rotary Club of Cochin East).
